

This architectural drawing illustrates a building's exterior and interior layout. The left portion is a side elevation of a structure with a gabled roof and horizontal siding. It features several windows, including a large central one and smaller ones near the roofline. The right portion is a floor plan showing a central hallway and multiple rooms, each with a window. Numbered circles (1-10) are placed around the drawing to indicate specific features:

- 1: Small square window on the side elevation.
- 2: Window in the top-right room of the floor plan.
- 3: Window in the top-left room of the floor plan.
- 4: Window in the middle-right room of the floor plan.
- 5: Window in the middle-left room of the floor plan.
- 6: Window in the bottom-right room of the floor plan.
- 7: Window in the bottom-left room of the floor plan.
- 8: Window in the top-right room of the floor plan.
- 9: Window in the top-left room of the floor plan.
- 10: Window in the middle-right room of the floor plan.
