

This architectural site plan illustrates a proposed tramway system in Brno, Czech Republic. The plan features a network of tracks, including a main line running horizontally across the middle and a branch line extending vertically on the left. Key stations are marked with colored rectangles and labeled: 'Korotaká' and 'U pošty' on the left branch; 'Vítězská' and 'Osvědčená' in the center; 'Ladská' and 'Pod nemocnicí' in the lower center; and 'Akademická' and 'Hvězdičková' on the right. The plan also shows existing urban infrastructure, including streets (e.g., Vítězská, Ladská, Osvědčená, Pod nemocnicí, Akademická, Hvězdičková), buildings, and green spaces. A north arrow is located in the upper right corner. The drawing is a detailed technical plan, likely a section of a larger project, as indicated by the text 'pokračování - výřez 1' at the bottom center.
