

Complete list of Material

Single Well Control Panel

Component	Quantity	Producer	Type
Electric motor			
Hand pump			
Accumulator			
Solenoid valve			
Filters			
Junction boxes			
Check valve			
Relief valve			
ESD valve			
Oil tank			
Gauges			
Flow control valve			
Pressure transmitter			
Pressure transmitter			
Pressure transmitter			
PLC (SIL 1)			
ESD button			
Fusible plugs			
...fill, if any others			

Tenderer agrees, that above mentioned list is fully binding for him. Any changes must be approved by the Client (after the Bid is submitted).

Hydraulic fluids suitable for this application

Requirements for hydraulic oil:

Hydraulic oil grade 10W
Viscosity 150 SUS at 100°F
 44 SUS at 210°F
Viscosity index 100 minimum
Open cup flush point 400°F

Hydraulic oil	Supplier
