

Annex No.3 - Price form – additional information

The price form is based on Tender Documentation and technical specification as Annex 1 TS_TRSCSSV and SSV to Tendering Documentation

The final ordered qty will be based on unit prices and budget of the Contracting Entity.

Contracting Entity reserves the right to reduce or increase the volume of delivered/ordered goods or services within range of 30 % under unchanged conditions.

For part i, ii: Installation kit per each piece means:

- 60 m 1/4" Control line (with documentation)
- 7 pcs Cross couplings protectors for VAGT thread
- Control line connection (Jam nut – 2pc for each TRSCSSV)– integral dual-ferrule swage connection, with fitting receptacle machined directly into the valve body.
- Qty must be considered for each pc of TRSCSSV

The price for parts i, ii, iii includes the DAP Tvrdonice (stock Hrusky), district Breclav, Czech Republic according Incoterms 2010.

For the parts I, II

1x training per year -> (year 2015, 2016 and 2017) at Buyers premises in the Czech Republic for 1 day (total days spent is 3 days – 1 day training and 2 days travel)

The training of The Contracting entity's employees or third assigned party including issuing certificate for trained people (certificate which authorize the trained people to do installation and service for they have been trained; the certificate entitles the authorized person to do installation/service by themselves without presence of Tenderer personnel at site). The price includes all cost and risk related with training (including preparation, training, documents, samples etc.).

The bidder must prepare for each training (considered Part I and Part II) 10 training documentation counterparts and provide at least one training sample for training purposes.

SERVICES - INSTALLATION SUPPORT

For delivery in 2015 we request installation + training for first 2 pcs of each dimensions for part I and II

For delivery in 2016 and 2017 we request training update only – no installation for part I and II

For the parts III

We are not requesting any service and installation support.

If any unpredictable situation happens and any extra performance will be needed, the Contracting Entity will use the unit prices stated in this document.

In case that the Contract for Part I and II will be concluded with the same Supplier the training shall be charged only once (in case the prices will differ, the average of these two prices will be charged) and will be combined for both Parts at one time and place.

For calculation for parts I, II, III use template Annex_3_total_price_calculation.xlsx
