Announcement No. 2 of the Contracting Entity related to the tender „Gravel Pack 2016“ published in the ISVZUS: 521463, published 2. 9. 2015; TED: 2015/S 175-318655, published 10. 9. 2015.

The Contracting Entity, RWE Gas Storage s.r.o., with its registered office at Prosecká 855/68, 190 00 Praha 9, Czech Republic, Business ID No.: 27892077, hereby announces detailed specification of Tender Documentation, based on the delivered questions.

Question No. 1:

Will RWE provide the fresh water and transport it to location?

Answer of the Contracting Entity:

No, we require it from Supplier.

Question No. 2:

Will RWE provide fresh water source?

Answer of the Contracting Entity:

No, we require it from Supplier.

Question No. 3:

What type of Drill-In-Fluid (DIF) have been used for all 8 wells? What is the base of DIF?

Answer of the Contracting Entity:

We usually use KCL polymer + calcium carbonate.

Zápis do obchodního
rejstříku:
Městský soud v Praze,
oddíl C, vložka 124711,
dne 1. 5. 2007

ID: 27892077
Tax ID: CZ27892077

Certificate of incorporation:
Municipal Court in Prague,
Part C, Insert 124711,
on 1 May 2007

Question No. 4:

What is the current yield point of DIF in all 8 wells?

Answer of the Contracting Entity:

It depends of operations in the well: for wells Z 34, Z 24, Z 19, Ts 7, Ts 9, Ts 12, Tv 2 consider YP range: 15 – 25 (lb/100ft²), for well Lo 28 consider YP range: mi. 20 - 40 (lb/100ft²).

Question No. 5:

What volume of “high viscosity plug” should be priced per well?

Answer of the Contracting Entity:

According requirement from “Annex No. 1”, part „Fluid requirements” - Contractor of WO is responsible for preparation high viscosity plug (spacer). At least will be prepared 2 m³ of high viscosity plug by Contractor of WO.

We ask all bidders to take above information in consideration and relevantly incorporate it in their bids.

Best regards,

Mr. Patrik Mour
